Water & Airtight Tent Textile

Substrate		DIN 60001,ASTM D7641	100% Polyester
Weave			Woven
Yarn		DIN EN 2060,ASTM D1907	600D*600D
Weight approx.		ISO536	350 gsm, 10.3oz/yd
Shrinkage		200°C/45s	≤3%
Opacity			>92%
Fire retardancy		EN13501-1/NFPA 701	California Administrative Code Title 19, Section 1237
Recommend Fixation Temperature			190-200°C,45s
Yellowing Temperature			≥ 210°C
Application			indoor, outdoor
Width			238cm / 94 inches
Roll length			50, 100 m / 55, 109yd
Type of ink			
UV			50 +
Waterproof level			Pre-Fixation waterproof level is > 2000mm.h2o Post-Fixation waterproof level > 1200mm.h2o
Environmental elements	    		

Advantages

- Water and Airtight
 - Lotus effect
 - PVC Free
 - Strong 350gsm yarn
 - REACH compliant
 - Opaque
 - Direct to textile print prepared
 - Excellent color

Applications

- Tents
- Marquees
- Gazebos
- Canopies
